— EVENT EXCLUSIVE —

One-of-a-Kind Orchard Experience

Raise your glass to celebrate twenty years of land conservation with a rare brandy distilled from the pears of John Muir's orchard.

Available in a very limited quantity and bearing our 20-year label, this extraordinary fall harvest "eau de vie" will be produced by St. George Spirits of Alameda, America's leading distiller of handcrafted spirits.

Reserve a bottle of this one-of-a-kind brandy to benefit the Muir Heritage Land Trust, then join us this fall to observe the ancient art of fruit distillation first-hand.
